

Lacrisert® (hydroxypropyl cellulose) – Drug Shortage

- The [drug shortage](#) of [Lacrisert \(hydroxypropyl cellulose\)](#) ophthalmic insert is ongoing. Lacrisert has been unavailable for at least 90 days.
 - Per Bausch Health, Lacrisert is on back order due to manufacturing interruptions caused by the COVID-19 pandemic. Lacrisert may not be available until September 2020.
- Lacrisert is indicated in patients with moderate to severe dry eye syndromes, including keratoconjunctivitis sicca. Lacrisert is indicated especially in patients who remain symptomatic after an adequate trial of therapy with artificial tear solutions.

Product Description	NDC #
Lacrisert (hydroxypropyl cellulose) ophthalmic insert	24208-800-60
