

Bethkis® (tobramcyin) - First-time generic and authorized brand alternative

- On September 16, 2020, <u>Teva launched</u> an <u>AB-rated</u> generic version and <u>Prasco launched</u> an authorized brand alternative of Chiesi's <u>Bethkis</u> (tobramycin) inhalation solution 300 mg/4 mL.
- Bethkis is approved for the management of cystic fibrosis patients with Pseudomonas aeruginosa.
- Tobramycin inhalation solution 300 mg/5 mL is also available generically and carries the same indication as Bethkis.
