

Abbott Nutrition – Recall of Calcilo XD®

- On September 16, 2019, [Abbott Nutrition announced](#) a voluntary, consumer-level recall of one lot of [Calcilo XD](#) powder cans due to an inconsistency in aroma and color in a small number of cans from this specific batch.
 - Calcilo XD is a low-calcium/vitamin D-free infant formula with iron.
 - The recall does not affect any other lots of Calcilo XD, or any other Abbott nutritional products.

Product Description	NDC#	Lot#
Calcilo XD powder cans (13.2 oz/375 g)	70074-0533-29	79696K80 (can); 79696K801 (shipper)

- Calcilo XD is used for nutrition support of infants with hypercalcemia, as may occur in infants with Williams syndrome, osteopetrosis, and primary neonatal hyperparathyroidism, and when a low-calcium, vitamin D-free formula is needed. Calcilo XD is used under medical supervision.
- Anyone with an existing inventory of the recalled lots should stop use and distribution and quarantine immediately. Contact Abbott Nutrition for instructions on how to return or replace the product.
- Consumers should contact their physician or healthcare provider if they have experienced any problems that may be related to taking or using this product.
- Contact Abbott Nutrition at **1-800-850-7677** for more information regarding the Calcilo XD recall.
