

## Thiola EC<sup>®</sup> (tiopronin) – First-time generic

- On February 27, 2024, Torrent launched an <u>AB-rated</u> generic version of Mission Pharmacal's <u>Thiola EC (tiopronin)</u> delayed-release tablet.
  - Amneal also received FDA approval of an <u>AB-rated</u> generic version of Thiola EC on August 15, 2023. Launch plans are pending for this generic.
- Thiola EC is approved in combination with high fluid intake, alkali, and diet modification, for the prevention of cystine stone formation in adults and pediatric patients 20 kg and greater with severe homozygous cystinuria, who are not responsive to these measures alone.
- Tiopronin is also available generically as a <u>tablet</u> and carries a similar indication as Thiola EC.
