NCCP – Network Compound Credentialing Program

CREDENTIALIALED PHARMACIES LISTING

Introduction

This user guide will assist members with the selection of a pharmacy which has been credentialed with the OptumRx Network Compound Credentialing Program (NCCP).

Using the Guide

This guide is in alphabetical order by state. Each page provides a list of the pharmacies credentialed and licensed to dispense within that state.

Symbols next to the pharmacies are also provided for reference for some of the more routine types of compounded products. If your type of product is not listed, or if you are unsure of the type of compounded product you are filling; the pharmacies listed should be able to answer your questions based on the prescriptions and direct you appropriately as to their ability to compound the product.

Also, please be aware that not ALL compounded medications require a pharmacy that is listed within this Guide. Some of the more 'simple' compounds which do not require a rigorous credentialing review may be made available to you from any of the network pharmacy providers that you use for your routine medications.

How to find a pharmacy that dispenses a specific type of compound medication

The abbreviations below represent routine types of compounds. Not all pharmacies are credentialed to dispense all types of compounds.

The charts on each page will let you know which pharmacy may be able to compound the medication you need. (For example if the prescription appears to be for a topical product look for the TOP symbol after the pharmacies within your state.)

- **TOP:** denotes topical products (e.g. pain ointments/gels and topical hormone creams)
- **HRT:** denotes hormone replacement therapy and fertility medications (e.g. estriol)
- **PED:** denotes pediatric (children) custom products (e.g. liquid g-tube preparations)
- **NAS:** denotes nasal or oral inhaled therapies (e.g. antibiotic or steroid nasal compounds)
- **STR:** denotes sterile Preparations (e.g. IV, IM, SC and Epidural injections, Ophthalmic preparations and fortified antibiotic/antifungal drops)
- **SUP:** denotes Supplements (e.g. Enzymes, EFA's, Vitamin A/C/D and Calcium)
- **PTD:** denotes Medicare Part D (e.g. a compound claim for a Medicare Part D beneficiary)

Please Note: You may not see a pharmacy near you (or even in your state of residence) listed, however the NCCP pharmacies listed for each state are licensed to dispense and ship compound medications to that state.

Not all NCCP pharmacies participate in all networks.

Please verify the compound credentialed pharmacy participates in your Plan's network.

STATES

MENU: Please click your specific state to navigate through the Pharmacy Locator Guide.

Please Note: You may not see a pharmacy near you (or even in your state of residence) listed, however the NCCP pharmacies listed for each state are licensed to dispense and ship compound medications to that state.

Not all NCCP pharmacies participate in all networks.

Please verify the compound credentialed pharmacy participates in your Plan's network.

Please Note: You may not see a pharmacy near you (or even in your state of residence) listed, however the NCCP pharmacies listed for each state are licensed to dispense and ship compound medications to that state.

Not all NCCP pharmacies participate in all networks.

Please verify the compound credentialed pharmacy participates in your Plan's network.
